

**REQUEST FOR ABSTRACTS FOR THE
AWWA - HAWAII SECTION 36TH ANNUAL CONFERENCE
May 19-21, 2010
Hawaii Convention Center, Honolulu, Hawaii**

The Technical Program Committee is requesting abstracts for presentations during the AWWA - Hawaii Section Annual Conference to be held **May 19-21, 2010** at the **Hawaii Convention Center** in Honolulu, Hawaii. The theme for the 2010 Annual Conference is "Eia ka wai la, he wai ola – Here is the water, the water of life." Anyone interested in presenting at the conference is encouraged to submit the attached form. The form can also be found online at the AWWA – Hawaii section website at www.awwa-hi.org.

The Hawaii Section does not provide travel or lodging support for speakers.

Some suggested topics could include construction and distribution, water conservation, customer service, management, regulatory, research, and small systems. Presentations should be 30 or 45 minutes in length including time for questions and answers.

In the past, we have had a few presenters use their time to promote their product or company in such a way as to make the presentation seem like a commercial. Please avoid the tendency to do this by keeping the presentation as generic as possible. Handouts of presentations are encouraged.

All the information requested is essential to attaining CEU approval from the State of Hawaii Department of Health. Please submit all forms to:

Dean Nakano
2010 Technical Program Chair
Honolulu Board of Water Supply
630 South Beretania Street
Honolulu, HI 96843
Email to: hiawwa@gmail.com

If you have any questions, please contact me at (808) 381-2530. Thank you for your interest and support of the AWWA Hawaii Section.

Aloha,

C. Michael Street
2010 AWWA Hawaii Section Conference Chair

Annual Conference Announcement And Call for Papers

The Hawaii Section of the American Water Works Association (AWWA) is seeking papers for presentation at its 36th Annual Conference. **We especially encourage our local firms to share those project experiences they feel are significant to Hawaii's water industry.** The conference hopes to address a wide variety of topics related to the water supply industry with an emphasis on (but not limited to) the following topics:

- Water Conservation
- Water Reuse
- New Resources and Technologies
- Funding
- Water Quality
- Technical: Operations and Engineering
- Asset Management
- Continuous Quality Improvement
- Distribution, Plant Operations, and Maintenance
- Emerging Technologies
- Engineering, Design, and Construction
- Government Affairs
- Customer Service
- International Issues
- Management
- Public Affairs
- Regulatory Issues
- Research
- Residuals Issues
- Security
- Small Systems
- Western U.S. Regional Issues
- Wastewater Issues
- Water Resources/Reuse
- Young Professionals
- Community Relations/Outreach

Please submit the information sheet by **Friday, February 12, 2010** to assist the committee's initial review. We will notify you by **Friday, February 26, 2010** if your paper is accepted for presentation. If you agree to present, completed abstracts and speaker(s) biographical information must be received no later than close of business on **Friday, April 16, 2010**. Please assure all information submitted is complete and correct, as it will be used in promotional materials and submitted for CEU approval. Submit one (1) copy of the attached information sheet to:
