

HDR, Inc.
Water / Wastewater Project Engineer
Honolulu, HI 96818

HDR is an employee-owned architectural, engineering, planning and consulting firm that excels at helping clients manage complex projects and make sound decisions. Approximately 6,000 professionals, including architects, engineers, consultants, scientists, planners and construction managers, in over 140 locations worldwide, pool their strengths to provide solutions beyond the scope of traditional A/E/C firms.

Description:

HDR is looking for a Water / Wastewater Project Engineer to join our growing Honolulu office. The primary duties of the Water/Wastewater Project Engineer will be to provide engineering support for detailed designs of water and wastewater collection and treatment systems. The Water/Wastewater Engineer may make decisions on significant design and engineering procedures, may function as technical specialist or project manager on mid-size projects but project management is not sole focus of position, and may supervise small staff of professionals and technicians. Additional duties will include hydrologic and hydraulic modeling and specifications, analysis and study reports for water and wastewater projects.

Experience Required:

BS in Civil Engineering or a related field; 5+ years related experience; EIT/PE preferred
